

ASSESSMENT ANSWER SHEET (MODEL ANSWER)

Examiner's Reference — Model Answer. This document reproduces Appendices 3 to 7 of the SOALAN with the correct answers filled in. Text in **bold** is the model answer. Equivalent data-supported responses are acceptable where indicated.

APPENDIX 3 — PRODUCT & MARKET ANALYSIS FORM (TUGASAN 1)

A. SOURCE OF INFORMATION

1. **Appendix 1: Company and Product Information Sheet (product specifications, selling price, warranty, delivery capacity)**
2. **Appendix 2 section A: Unit Cost Structure (BOM, direct labour, logistics, advertising & promotion, total unit cost)**
3. **Appendix 2 sections B and C: Competitor Price & Features Matrix and Corporate Buyer Survey Summary (15 corporate buyers)**

B. PRODUCT ATTRIBUTES & FUNCTIONALITY

ErgoFlex Task Chair:

1. **Adjustable lumbar support for ergonomic back comfort**
2. **Breathable mesh back for airflow and all-day comfort**
3. **3D adjustable armrest and seat-height adjustment**

(At least three attributes from Appendix 1 accepted. Fourth acceptable attribute: 5 Years Manufacturer Warranty.)

ErgoPro Executive Chair:

1. **Adjustable lumbar support**
2. **PU leather with mesh back panel and synchronised recline**
3. **4D adjustable armrest**

(At least three attributes from Appendix 1 accepted. Fourth acceptable attribute: 5 Years Manufacturer Warranty.)

C. PRICE & FEATURES COMPARISON AND PROFIT MARGIN

ITEM	ErgoFlex	Competitor 1 (SitPro T100)	ErgoPro	Competitor 2 (KerusiMax E9)
Selling Price (RM)	850	790	1,450	1,380
Warranty	5 years	2 years	5 years	3 years
Main Feature Advantage	Adjustable lumbar + 3D armrest	Fixed lumbar, fixed armrest	4D armrest + synchronised recline	2D armrest, no mesh back
Total Unit Cost (RM)	510	—	935	—

ITEM	ErgoFlex	Competitor 1 (SitPro T100)	ErgoPro	Competitor 2 (KerusiMax E9)
Profit (RM)	340	—	515	—
Profit Margin (%)	40.00%	—	35.52%	—

Working: - ErgoFlex profit: $RM850 - RM510 = RM340$; margin: $RM340 \div RM850 \times 100 = 40.00\%$ - ErgoPro profit: $RM1,450 - RM935 = RM515$; margin: $RM515 \div RM1,450 \times 100 = 35.52\%$

D. TARGET MARKET

Target Market: **Corporate offices, SME headquarters and interior fit-out companies in West Malaysia requiring ergonomic office seating.**

Justification: **60% of the 15 corporate buyers surveyed are corporate offices or SME headquarters, and 80% identified ergonomic task seating with lumbar support as their main product need. 80% expressed purchase interest within 6 months.**

E. MARKET DEMAND & CUSTOMER EXPECTATIONS

- 80% of corporate buyers require ergonomic task seating with lumbar support — ErgoFlex Task Chair (RM850) directly addresses this primary need.**
- 80% of buyers expect a warranty of 5 years or more — both ErgoFlex and ErgoPro carry a 5 Years Manufacturer Warranty, meeting this requirement.**
- 60% of buyers require bulk delivery within 4 weeks (West Malaysia) — the company's delivery capacity of 4 weeks meets this expectation.**

(Additional acceptable finding: 60% of task chair buyers have a budget of RM700–RM900, within which ErgoFlex at RM850 falls.)

F. ANALYSIS SUMMARY

The ErgoFlex Task Chair (RM850) is competitively priced against Competitor 1 (SitPro T100 at RM790) while offering superior features including adjustable lumbar support, breathable mesh back and 3D adjustable armrest, with a longer 5-year warranty. Profit margin is 40.00%. The ErgoPro Executive Chair (RM1,450) outperforms Competitor 2 (KerusiMax E9 at RM1,380) with a mesh back panel and 4D adjustable armrest, with a profit margin of 35.52%.

The primary target market is corporate offices and SME headquarters. Market demand is strong — 80% expressed purchase interest within 6 months. Both products meet the key customer expectations of lumbar support, 5-year warranty and 4-week bulk delivery.

APPENDIX 4 — CORPORATE QUOTATION & PROPOSAL FORM (TUGASAN 2)

A. CUSTOMER'S NEEDS & REQUIREMENTS

- 120 units of ErgoFlex Task Chair and 20 units of ErgoPro Executive Chair for a corporate office project in Kuala Lumpur.**

2. **Single delivery to one project site in Kuala Lumpur within 4 weeks of order confirmation.**
3. **5-year warranty for all units.**

(Additional needs from the brief: 30-day quotation validity; bulk discount consideration of up to 5%; payment terms of 50% deposit upon confirmation, balance upon delivery.)

B. QUOTATION

Quotation No.: **Q-2026-001** Date: **[Assessment date]**

Customer: **Menara Sentosa Interiors**

Project / Delivery Address: **Corporate office project site, Kuala Lumpur**

Item 1 — Model: **ErgoFlex Task Chair** Quantity: **120** Unit Price (RM): **850** Total (RM): **102,000**

Item 2 — Model: **ErgoPro Executive Chair** Quantity: **20** Unit Price (RM): **1,450** Total (RM): **29,000**

Subtotal (RM): **131,000** Discount (5%): **RM6,550** Grand Total (RM): **RM124,450**

Delivery Terms: **Single delivery to one project site in Kuala Lumpur within 4 weeks of order confirmation**

Warranty: **5 Years Manufacturer Warranty — all units** Payment Terms: **50% deposit upon confirmation; balance upon delivery**

Quotation Validity: **30 days**

Working: Item 1: $120 \times RM850 = RM102,000$. Item 2: $20 \times RM1,450 = RM29,000$. Subtotal = $RM131,000$. Discount 5%: $RM131,000 \times 5\% = RM6,550$. Grand Total: $RM131,000 - RM6,550 = RM124,450$.

(Discount may be applied to ErgoFlex only, or ErgoPro only, or both products — any consistent application of up to 5% on the subtotal or individual items is acceptable provided the arithmetic is correct.)

C. SHORT PROPOSAL

1. **Price:** The ErgoFlex Task Chair is offered at RM850 per unit (within the customer's ergonomic task seating requirement) and the ErgoPro Executive Chair at RM1,450 per unit. A 5% bulk discount has been applied on the total order, reducing the grand total from RM131,000 to RM124,450.
2. **Delivery:** Single delivery to the project site in Kuala Lumpur within 4 weeks of order confirmation, meeting the customer's single-delivery and timeline requirement.
3. **Specification:** Both products carry a 5 Years Manufacturer Warranty and include adjustable lumbar support — addressing the customer's warranty and ergonomic specification requirements.

APPENDIX 5 — SALES PROJECTION & PERFORMANCE EVALUATION FORM (TUGASAN 3)

A. SALES PROJECTION (NEXT YEAR)

ITEM	ErgoFlex	ErgoPro	TOTAL
Forecast Units	2,400	480	2,880
Sales Income (RM)	2,040,000	696,000	2,736,000
Production Cost (RM)	1,224,000	448,800	1,672,800
Total Operating Expenses (RM)	—	—	650,000
Projected Surplus / (Deficit) (RM)	—	—	413,200

Working: - ErgoFlex: $2,400 \times \text{RM}850 = \text{RM}2,040,000$ income; $2,400 \times \text{RM}510 = \text{RM}1,224,000$ cost - ErgoPro: $480 \times \text{RM}1,450 = \text{RM}696,000$ income; $480 \times \text{RM}935 = \text{RM}448,800$ cost - Total operating expenses: $\text{RM}380,000 + \text{RM}120,000 + \text{RM}60,000 + \text{RM}90,000 = \text{RM}650,000$ - Projected surplus: $\text{RM}2,736,000 - \text{RM}1,672,800 - \text{RM}650,000 = \text{RM}413,200$

B. SALES BUDGET SUMMARY FOR APPROVAL

Total projected sales income: RM2,736,000. Total production cost: RM1,672,800. Total operating expenses: RM650,000. Projected surplus: RM413,200.

The next-year sales plan is projected to generate a surplus of RM413,200, representing a positive return on the planned sales volume of 2,400 units of ErgoFlex Task Chair and 480 units of ErgoPro Executive Chair.

C. SALES PERFORMANCE EVALUATION (JANUARY–JUNE 2026)

MONTH	TARGET (RM)	ACTUAL (RM)	ACHIEVEMENT %	ON TARGET? (YES/NO)
January	180,000	165,600	92.00%	No
February	180,000	171,000	95.00%	No
March	200,000	178,000	89.00%	No
April	200,000	210,000	105.00%	Yes
May	220,000	198,000	90.00%	No
June	220,000	209,000	95.00%	No
OVERALL	1,200,000	1,131,600	94.30%	No

Working: Achievement % = $\text{Actual} \div \text{Target} \times 100$. Overall: $\text{RM}1,131,600 \div \text{RM}1,200,000 \times 100 = 94.30\%$.

D. MAIN ISSUES IN SALES PERFORMANCE

- 5 out of 6 months did not achieve 100% of the monthly sales target — overall achievement was 94.30% (RM1,131,600 of RM1,200,000 target).
- March recorded the lowest achievement at 89.00% (RM178,000 of RM200,000 target) — the highest shortfall of RM22,000 in any single month.

3. May also fell below target at 90.00% (RM198,000 of RM220,000) — the second-highest shortfall of RM22,000, occurring in the second half of the period.

(Additional acceptable issue: Only April achieved its monthly target (105.00%), indicating inconsistent performance across the half year.)

E. SALES ACTION PLAN

1. Strengthen corporate account acquisition activities in underperforming months — increase the number of corporate sales calls and prospecting activities to close more orders, particularly in March and May.
2. Review and tighten the sales pipeline monitoring process to identify and address slow-moving deals earlier in each month.
3. Set individual monthly sub-targets for each sales staff member and review performance bi-weekly to enable timely corrective action and reduce end-of-month shortfalls.

(Any three data-linked, actionable improvement recommendations are acceptable.)

APPENDIX 6 — TEAM OBJECTIVE & DEPARTMENTAL REPORT FORM (TUGASAN 4)

A. SALES TARGET & KPI ALLOCATION (JULY–DECEMBER 2026)

Allocation basis: Team total target RM1,260,000 allocated in proportion to January–June individual targets (Aina and Farid: RM320,000 each; Mei Ling and Ramesh: RM280,000 each; total RM1,200,000).

SALES STAFF	SALES TARGET (RM)	INDIVIDUAL KPI
Aina	336,000	Achieve RM336,000 in sales for July–December 2026
Farid	336,000	Achieve RM336,000 in sales for July–December 2026
Mei Ling	294,000	Achieve RM294,000 in sales for July–December 2026
Ramesh	294,000	Achieve RM294,000 in sales for July–December 2026
TEAM TOTAL	1,260,000	

Working: Aina + Farid: $RM320,000 \div RM1,200,000 \times RM1,260,000 = RM336,000$ each. Mei Ling + Ramesh: $RM280,000 \div RM1,200,000 \times RM1,260,000 = RM294,000$ each. Total: $(2 \times 336,000) + (2 \times 294,000) = RM1,260,000$. ✓

(Equal allocation of RM315,000 each is also acceptable if well justified.)

B. PERFORMANCE ASSESSMENT & REWARD PROPOSAL

Staff performance assessment: Aina exceeded her January–June target — RM336,000 actual vs RM320,000 target (105.00%). Farid underperformed — RM288,000 actual vs RM320,000 target (90.00%). Mei Ling underperformed — RM266,000 actual vs

RM280,000 target (95.00%). Ramesh underperformed — RM241,600 actual vs RM280,000 target (86.29%).

Reward proposal: **Propose Aina for a performance reward, subject to superior's approval.**

Justification: **Aina is the only sales staff member who exceeded her half-year sales target (105.00%). Under the company reward procedure, staff who exceed the half-year sales target may be proposed for a performance reward, subject to superior's approval.**

C. DEPARTMENTAL ADMINISTRATION REPORT (JANUARY–JUNE 2026)

Departmental KPI achievement:

KPI (i) Monthly sales target achievement: 1 out of 6 months on target (April only). Overall achievement 94.30% — below 100% KPI.

KPI (ii) New corporate accounts: 20 out of 24 target — not achieved.

KPI (iii) Customer complaints resolved within 7 working days: 95% actual vs 90% target — achieved.

Budget vs actual spending finding: **Actual spending of RM312,000 exceeded the departmental budget of RM300,000 by RM12,000. Staff cost overspent by RM6,000 (RM196,000 actual vs RM190,000 budget). Marketing overspent by RM8,000 (RM78,000 actual vs RM70,000 budget). Administration underspent by RM2,000 (RM38,000 actual vs RM40,000 budget).**

Improvement actions:

- 1. Increase corporate account prospecting activities to close the shortfall of 4 new accounts (target 24, actual 20) and achieve the KPI of 24 new accounts for July–December 2026.**
- 2. Review and control staff cost and marketing expenditure to remain within the approved budget for July–December 2026 — require pre-approval for marketing spend exceeding the monthly allocation.**

Conclusion: **The department achieved the customer complaints KPI (95% vs 90% target) but fell short on monthly sales target (94.30%) and new corporate accounts (20 of 24). Departmental spending exceeded budget by RM12,000. Corrective action is required on sales activity and budget control for the second half of 2026.**
