15 Sep 2026	NLK/ISS/2026/09/012	—	5	17	Issued to Finance & Admin

APPENDIX 4B — INVENTORY ISSUANCE RECORD

Nexalink Corporate Services Sdn. Bhd. Inventory Issuance Record

Issuance Ref: NLK/ISS/2026/09/012 Date: 15 September 2026 Issued to: Finance & Admin
Department Authorised by: **Puan Rohani binti Aziz**

No.	Item Code	Item Description	Quantity Requested	Quantity Issued	Unit	Balance After Issuance	Received by
1	NLK-ST-001	A4 Paper	5 reams	5	Ream	17	(signature)

No.	Item Code	Item Description	Quantity Requested	Quantity Issued	Unit	Balance After Issuance	Received by
2	NLK-ST-002	Blue Ballpoint Pen	2 boxes	2	Box	5	(signature)
3	NLK-ST-003	Correction Fluid	3 bottles	3	Bottle	6	(signature)

Balance calculations: NLK-ST-002: opening 8 + received 4 – prior issued 5 = 7; issued now 2 → balance 5. NLK-ST-003: opening 12 + received 0 – prior issued 3 = 9; issued now 3 → balance 6.

Variance Identified:

Item Code	Calculated Balance (before issuance)	Physical Count	Variance	Possible Cause
NLK-ST-003	9	10	+1	Possible recording error — one bottle returned to storeroom without being recorded in the stock card, or an issuance was cancelled but not updated.

(NLK-ST-001: calc 22, physical 22 = zero variance. NLK-ST-002: calc 7, physical 7 = zero variance. NLK-ST-004: calc 6, physical 6 = zero variance. NLK-ST-005: calc 4, physical 4 = zero variance.)

Action for NLK-ST-003 (Approaching Expiry):

Issue the three requested bottles immediately as per the issuance request. Check the remaining 6 bottles' expiry dates. Apply FEFO (First Expiry First Out) — issue bottles with the nearest expiry date first. For any bottles that have already expired or will expire before next expected use, remove them from the storeroom, record the write-off in the stock card, and report to the Office Manager. Do not issue expired correction fluid.

As all KPIs are met and performance is consistently above target, a Performance Bonus is the more appropriate recognition for strong, consistent operational performance.
