TAJUK/TITLE : PROTOCOL REQUIREMENT

TUJUAN/PURPOSE :

This information sheet is to describes the requirement to adhere protocol requirements at work place

PENERANGAN/INFORMATION :

1. Protocol Comprehension

1.1 Definition of protocol by Merriam-Webster dictionary is a system of rules that explain the correct conduct and procedures to be followed in formal situations.

Figure 1.1 : Example of protocol definition

1.2 Definition of comprehend by Merriam-Webster dictionary is to understand (something such as a difficult or complex subject).

1.3 In today's business environment, it is vitally important to be aware of business protocol, corporate courtesy and good business etiquette whilst keeping the need to understand and appreciate cultural differences in mind.

1.4 A lack of awareness of an appreciation for social protocols and etiquette can undermine effective working relationships, as it may be construed as rudeness, disrespect or an intolerance of people of different cultures and persuasions.

1.5 Protocol has been developed as a guide to assist industry and business in recruitment, induction and retainment of employees. The employment offers many opportunities and benefits for businesses and be rewarding experience for both parties not just from an economic perspective but also from cultural and social viewpoints.

1.6 It is important for an employer to understand the history and background of the region / person they are employing as well as gain knowledge of the appropriate cultural protocols in order to generate positive relationships in the community and between the employer and employee.

1.7 The following information is provided to raise awareness of some cultural issues that may be encountered by the employer and in particular to provide strategies to ensure enjoyable and sustainable employment for employees and successful outcome for the employer.

1.8 As a further resource, a directory is provided with links to further information relating not only to employment issues but also to history, cultures and traditions.

1.9 In general, it is an agreed standardized way of performing a task, a process that is repeatable and reproducible.

1.10 In etiquette practices, protocol requirement is very important to ensure healthy environment and communication in work place.

1.11 At the supervisor level, all work place issues must be able to be negotiated and settle amicably.

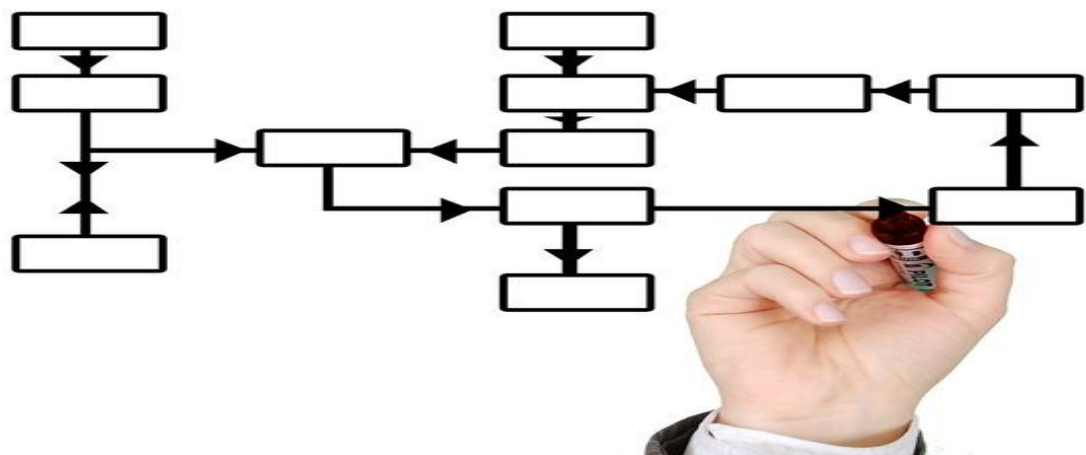

Figure 1.2 : Example of protocol implementation structure

2. Correspondence Language

2.1 Common local terms are frequently used within the employees. Community people may refer to this as “mission” language which will include a mixture of traditional words and local “slang”.

2.2 Get yourself familiarize with common terminology. Refer to the common language and use appropriate correspondence for communication.

2.3 Observe correct protocol when using it.

2.4 At the supervisor level, correspondence language is very important among employees.

2.5 Supervisors will have to accept information and instructions from the manager and deliver to his workers.

2.6 If correspondence language is not being follows properly, this can disturb protocol requirement in the organization.

2.7 Appropriate correspondence language, ethical discipline attitude and cultural awareness are essential in implementation of work place protocol.

Figure 2.1 : Example of appropriate correspondence language

3. Protocol Implementation

3.1 Definition of implementation is the realization of an application or execution of a plan, idea, model, design, specification, standard, algorithm or policy.

3.2 Each employee has a responsibility to know, to understand and to abide by protocol implementation and work place expectations that support a positive work environment and promote the highest possible standards of professionalism.

3.3 The protocol that follow set a standard for orienting employees to our organizational culture and serve to remind each employee of their role and responsibility in supporting a productive and healthy work place.

3.4 Regardless of where you work, what you do is very important and ultimately relates to all in the organization.

3.5 Every day you interact with a wide range of internal and external customers and in each contact and conversation, you become the face of your organization.

3.6 Our customers, co-workers and partners rely on the quality and timeliness of our work and on our professionalism.

3.7 As a result, employees hold high standards on conduct and consider themselves a professional capable of meeting the needs and expectations of the organization.

3.8 The outcome of this process will ensure all relevant parties understand and if there is any discrepancy, the outcome of the protocol implementation can be recorded.

Figure 3.1 : Spot the differences in protocol implementation

Figure 3.2 : Example result of non-protocol implementation

4. The Advantages Of Having A Protocol

- 4.1 It enables all procedures to be undertaken in a standard manner.
- 4.2 It should lead to inter-operator independence, any member of staff should produce same / similar results.
- 4.3 It enables new staff to familiarize themselves with studies quickly.
- 4.4 It enables all staff to perform less frequently performed studies safely without relying on memory.
- 4.5 It provides a consistent presentation of data.
- 4.6 It encourage confidence in results.
- 4.7 Providing written instructions enables minor disciplinary / corrective actions to be taken for deviations from the accepted department procedure.
- 4.8 It enables audit procedure.
- 4.9 It prevents all / some errors.
